Environmental Management Policy

- MDSI is committed to develop, fully document and implement cost effective and safe procedures that prevent or minimize pollution that may be produced by our activities, products or services and to maximize recycling and reuse.
- MDSI is committed to set, review and maintain environmental objectives and targets for continual improvement.
- MDSI shall comply with all applicable environmental laws, regulatory requirements and internal procedures.
- MDSI is committed to educate employees and communicate to the public, this environmental policy and the implementation of continual improvements in environmental management.
- This policy is posted in the lobby and it is also available to the public on our web site at www.meggittdefense.com.
